RECEIVED MAR 11 2020

Apply By: 3/25/2020

Transportation & Infrastructure Renewal

Mechanical Maintenance Worker II (Year-Round), MILLER LAKE

Competition # 25014

Under Article 13 of the Collective Agreement between the Nova Scotia Department of Transportation and Infrastructure Renewal and the Canadian Union of Public Employees, Local 1867, the following opportunity is being posted:

About Us

At the Department of Transportation and Infrastructure Renewal (TIR), we are responsible for building and maintaining a sustainable provincial infrastructure for Nova Scotians. From highways and bridges to government buildings and registration of vehicles, safety and quality of life are top of mind. We support Nova Scotia's 23,000 kilometers of roads and highways, 4,100 bridges, and 9 provincial ferries.

Our Fleet Services Division is pivotal in ensuring TIR's Fleet is running smoothly, ensuring the safety of our provincial road network.

About Our Opportunity

The Mechanical Maintenance Worker is responsible for carrying out the daily operation and maintenance of the building infrastructure at the Miller Lake Facility. This includes all buildings within the Miller Lake compound as well as the pump house located on the shores of Miller Lake directly north of the compound. The incumbent is responsible for monitoring the compound's mechanical, electrical, water, sewage, ventilation, and heating systems to ensure they perform and operate efficiently to provide a proper work environment for the compound's tenants. The incumbent will carry out all janitorial duties, basic lawn care, minor carpentry, mechanical and electrical repairs, monitor contractors, administer service contracts and snow and ice control.

About You

You have Grade 10 plus two (2) years of related experience in the operation of commercial or institutional buildings. General knowledge of all aspects of building construction and operation including architectural, plumbing, electrical, fire suppression, HVAC systems and sewage treatment is required. Class 3 license with air brake endorsement is also required.

You must have a thorough knowledge of/experience with operating lawn tractors, cleaning equipment, supplies and current janitorial practices.

You also have good planning and organizational skills.

Strong public relations skills client-focused, initiative and positive attitude are required.

You must be able to work both independently and as part of a team.

Good verbal and written communications skills and the ability to write clear, concise correspondence are required.

You must also be able to work at heights and operate a man lift.

The following will be considered assets:

- Power Engineer designation, facilities Maintenance Mechanic Certificate or vocational training in the plumbing or electrical field;
- Level 1 certification as a Wastewater Treatment Operator as recognized by the Nova Scotia Department of Environment;
- Familiarity with the National Building Code and the National Fire Code;
- Familiarity with the Occupational Safety General Regulations, Occupational Health and Safety Act, Departmental Health Safety and Environment Program, Policies and Procedures.

You must possess the ability to read and interpret drawings and specifications, along with basic computer skills and the ability to keep and maintain electronic records.

Other Considerations

Normal hours of work are 8am - 4:30pm. If equipment breaks down, we will count on you to help things get up and running again. Therefore, you will be on-call periodically outside of your regular work schedule.

Overtime and some travel are required.

We offer a comprehensive health, dental and pension package combined with 3 weeks of vacation which increases over the course of your employment.

Work is performed in a mechanical repair environment occasioned by noise, smoke and gas fumes and at times adverse weather conditions while operating in a field environment. Considerable standing, lifting, carrying and moving about is a requirement of this position.

This opportunity is for a 52-week Year-Round position – the duties of which are full time and continuous in nature.

Pay Grade: MECH MNT

Salary Range: \$22.73 Hourly

This is a bargaining unit position initially restricted to current CUPE local 1867 employees with a date of seniority. The successful candidate(s) will be expected to perform duties as necessary within their zone. Failure to apply correctly means that your application will not be given first

consideration as a bargaining unit applicant, and will only be included if external applications are pursued.

Our goal is to be a diverse workforce that is representative, at all job levels, of the citizens we serve. The Government of Nova Scotia has an Employment Equity Policy and we welcome applications from Aboriginal People, African Nova Scotians and Other Racially Visible Persons, Persons with Disabilities and Women in occupations or positions where they are under-represented. If you are a member of one of the equity groups, you are encouraged to self-identify on your electronic application.

Offer of employment is conditional upon the completion of all applicable background checks and confirmation of credentials, the results of which must be satisfactory to the employer.

We thank all applicants for their interest, however, only those selected for an interview will be contacted. For questions or concerns, please contact Competitions@novascotia.ca.
